HEALTH CARE AND REHABILITATION

COVID-19 Update from Parker Jewish Institute

Monday, June 15, 2020

Dear Parker Families,

Parker is happy to announce that we will be giving our families the opportunity to visit with their loved one this week on **Thursday, June 18, 2020, and Friday, June 19, 2020, from 10 am – 5 pm**, to be held from your personal vehicle in front of the facility.

We are taking the utmost precautions in careful planning to keep all safe and healthy to accommodate this very much anticipated reunion time with your loved one.

Please understand that to coordinate this safely and fairly, and to accommodate as many family visits, the process will be as follows:

1. To reserve your visit time – please contact the **Family Call Center – 718-289-2888**.
2. Time for visitation will be scheduled every 15 minutes and the maximum length of visit is 10 minutes.
3. Your reservation will be confirmed once all the information is received and that your loved one is medically stable to participate.

For the safety of all, no patient or resident will be able to participate if they are currently COVID+ and/or for any health related reason, it is medically inadvisable for them to participate. All visitors will be required to wear masks which will be made available to you by Parker Jewish Institute.

We are grateful to our families for their patience. We recognize how difficult this time has been on all of you – and we know that we have, and continue to do our best, to serve our community and be there for your loved one, when you have not been able to.

Sincerely yours,

The Parker Community
