

**Parker Jewish Institute**  
HEALTH CARE AND REHABILITATION

**Thursday, September 3, 2020**

Dear Parker Families,

In an effort to ensure the safety of our Parker community and per our COVID-19 Management Plan, the following policy will be implemented for the safe return of visitors for our residents. To continue to ensure appropriate Infection Control and to minimize any transmission risk, the following guidelines are in effect:

1. The Facility has entered Phase 4 in the community.
2. The Facility has been COVID-19 free for 28 days, with stable staffing ratio.
3. The Facility attests that the Nursing Homes is in full compliance with all regulatory guidelines and requirements.
4. All of our Residents have been tested for COVID-19 virus, per policy.
5. All of our Staff has been tested and testing continues weekly with directives for immediate furlough for any staff members who may test positive.
6. All of our Staff and Residents continue to be screened for signs and symptoms of COVID virus daily.

**We continue to strive to meet the above goals. We are currently awaiting the final approval from the regulators, that will allow us to begin visitation.**

When we receive the final approval to move forward, we will utilize the Family Call Center to arrange for scheduled appointments. The Family Call Center may be reached at 718-289-2888.

We hope to update you with a formal our new visit policy and procedure within the upcoming days.

We ask that you keep the Parker Community in your thoughts and prayers, and that we remain on track to be prepared to accept visitors on or about September 9, 2020.

Sincerely yours,

The Parker Community
