

**Parker Jewish Institute**  
HEALTH CARE AND REHABILITATION

**Monday, November 23, 2020**

Dear Parker Family Members and Friends,

We hope that everyone enjoyed their weekend. As of today, we have one new staff COVID-19 case. One team member has tested positive for COVID-19, and is asymptomatic. Employees, who test positive for COVID-19, as a result of our weekly testing, will be placed off-duty, for fourteen days. We continue to monitor and test our residents/patients, screen our staff daily, as well as test our staff weekly.

Please note, you may live in communities that are currently identified as orange or yellow zones – areas where there is a spike in COVID-19 positive cases. As a result, we are finding that our extensive and frequent testing is proving successful in identifying COVID-19 positive staff, who are typically asymptomatic, so we can quickly take action, thus protecting the health and safety of our patients/residents, as well as other staff members.

Parker will keep you apprised and updated accordingly. Our Family Call Center is available to facilitate any requests as well as communicate any questions you may have. For more helpful tips on keeping safe this Holiday Season, please [click here](#).

The Family Call Center continues to be available for your calls and help you facilitate communications, as well as schedule Window Visits, FaceTime or just to be your link for any requests and questions that you may have. Please contact the Family Call Center, 718-289-2888.

Wishing you good health and a Happy Thanksgiving,

The Parker Team
