

Parker Jewish Institute
HEALTH CARE AND REHABILITATION

Wednesday, December 2, 2020

Dear Parker Family Members and Friends,

In our continued effort to keep you informed and apprised, as of yesterday, we are reporting a staff member has tested positive for COVID-19. This staff member is asymptomatic. Employees who test positive for COVID-19, as a result of our weekly testing, will be placed off-duty, for fourteen days. We continue to monitor and test our residents/patients, screen our staff daily, as well as test our staff weekly.

The Family Call Center continues to be available for your calls and help you facilitate communications, as well as schedule Window Visits, FaceTime or just to be your link for any requests and questions that you may have. Please contact the Family Call Center, 718-289-2888.

As we are sure you're aware, cases of COVID-19 are rising significantly in New York State, and we need to be more vigilant than ever. Parker remains committed to keeping your loved one safe. Parker will continue to follow state and federal guidelines for infection control, which includes strictly enforcing safety protocols as COVID-19 rates rise. We are all encouraged by the potential availability of a safe and effective vaccine. Until that time, extra safety precautions and vigilance are essential.

Wishing you good health and be safe.

Respectfully,

The Parker Team
