

Parker Jewish Institute
HEALTH CARE AND REHABILITATION

Saturday, January 16, 2021

Dear Parker Family Members and Friends,

As of yesterday and today, two residents and one staff member have tested positive for COVID-19. Parker continues to monitor and test our residents/patients, screen our staff daily, as well as test our staff weekly.

Please note, many employees live in communities that are currently identified as orange or yellow zones – areas where there is a spike in COVID-19 positive cases. As a result, we are finding that our extensive and frequent testing is proving successful in identifying COVID-19 positive staff, who are typically asymptomatic, so we can quickly take action, thus protecting the health and safety of our patients/residents, as well as other staff members.

The Family Call Center continues to be available for your calls and help you facilitate communications, as well as schedule Window Visits, FaceTime or just to be your link for any requests and questions that you may have. Please contact our Family Call Center at 718-289-2888. Please stay vigilant in your personal infection control efforts.

Sincerely yours,

The Parker Team
