

Parker Jewish Institute
HEALTH CARE AND REHABILITATION

Friday, March 26, 2021

Dear Parker Family Members and Friends,

As of yesterday and today, we have identified two staff members who have tested positive for COVID-19 and are all asymptomatic. Staff members who test positive are required to quarantine at home for 14 days, and may return back to work after a negative COVID-19 test result is received. Parker continues to monitor and test our residents/patients, screen our staff daily as well as test our staff weekly.

As you may be aware, yesterday evening, the regulators issued additional revisions to the resumption of visitation at Skilled Nursing Facilities. We are in the process of analyzing the new criteria and expect to implement a new visitation policy soon. Please continue to check the Parker website for updates.

The Family Call Center continues to be available for your calls and help you facilitate communications, as well as schedule FaceTime calls or just to be your link for any requests and questions that you may have. Please contact our Family Call Center at 718-289-2888.

Sincerely yours,

The Parker Team
