

Parker Jewish Institute
HEALTH CARE AND REHABILITATION

Thursday, April 1, 2021

Dear Parker Family Members and Friends,

The health and safety of our community remains a top priority. Due to the latest guidelines issued by our regulators, Parker Jewish Institute is pleased to offer outdoor visitation once again, beginning on Tuesday, April 6, 2021. We have received guidance about how to implement visiting. Please click [here](#) to schedule your visit. To minimize the risk of COVID-19 transmission, our regulatory guidance strongly encourages outdoor visits; we encourage you to sign up for an outdoor visit.

Visitation will take place on Parker's lower level patio, socially distancing residents and visitors and allowing for optimal air flow around individuals. All visitors will be screened upon entering. Visitors must undergo temperature and symptom screening, perform hand hygiene and wear a mask at all times. If you are ill or have COVID-19, we ask that you postpone your visit. Please note that a maximum of two visitors per resident will be allowed per visit.

Although not required, we strongly encourage everyone to be tested for COVID-19 within 72-hours of your visit. Drive-thru testing on Parker's campus can be scheduled [here](#).

Vaccination is also encouraged for the safety of our community. If you are not vaccinated and would like to sign up to be vaccinated at Parker's vaccination site, please email COVID19@parkerinstitute.org.

The Family Call Center continues to be available for your calls and help you facilitate communications, as well as schedule FaceTime calls or just to be your link for any requests and questions that you may have. Please contact our Family Call Center at 718-289-2888.

Sincerely yours,

The Parker Team
