

Parker Jewish Institute
HEALTH CARE AND REHABILITATION

Tuesday, August 10, 2021

Dear Parker Family Members and Friends,

As of today, we have identified one resident who has tested positive for COVID-19. Parker continues to monitor our residents/patients and screen our staff and visitors daily.

Resident Visiting – Update:

We are pleased to offer the following updated visitation options. Please note, that for any newly admitted Resident, a COVID-19 negative test result will be required prior to visitation beginning. Typically, a result is received within 24 to 48 hours of admission, at Parker. You will receive a telephone call of your loved one's COVID-19 test result, as soon as it is received.

Virtual Visitation:

To schedule a virtual visit please click [here](#). Please be sure to indicate your name, your loved one's name and room number in the online sign-up.

Outdoor Visitation:

As we strongly encourage visitation to be scheduled and held outdoors at our lower level patio, please click [here](#) to make an appointment.

Compassionate Care Visits will continue to be honored, as needed.

The Family Call Center continues to be available for your calls and help you facilitate communications, as well as schedule FaceTime calls or just to be your link for any requests and questions that you may have. Please contact our Family Call Center at 718-289-2888.

Sincerely yours,

The Parker Team
