Dear Parker Residents and Family Members:

Due to the recent identification of one Covid-19 positive resident case, on the 5-North Unit this past week, we are required to follow all regulations, which include suspension of all indoor visitation, effective immediately, for the *5-North Unit only*.

All residents and staff are being tested within the next week, for COVID-19. Decisions on visitation will be made, pending those test results.

In the meantime, outdoor visitation and virtual visits, and indoor visits on non-restricted floors are permitted. Please visit the Parker website to schedule your visit at <https://parkerinstitute.org/stay-connected/>.

In order to ensure that everyone has a chance to visit, we ask that you sign up for no more than one visit per week per resident. Visits may need to be cancelled during inclement weather.

Please be sure to follow these rules when visiting:

Wear a mask, with face shield or goggles, from when you enter our facility until you exit the building. Protective gear must be worn when in the presence of a resident, both indoors and outdoors.

Wash or sanitize your hands when you enter the building, often throughout your visit, and again prior to leaving.

Maintain social distancing at all times during your visit.

Our obligation is to protect our community from the spread of COVID-19. Thank you in advance for your understanding and support.

Sincerely yours,

The Parker Team
