

**Monday, May 23, 2022**

Dear Parker Family Members and Friends,

As a reminder, everyone continues to be on high alert, for the spread of COVID-19. Please adhere to good infection control practices when visiting, including wearing your mask at all times, sanitizing your hands often, and maintaining physical distancing. Please attempt to confine your visits to your loved one's room or outdoors, as weather permits. All visitors are encouraged to be vaccinated, and boosted when eligible, to reduce the risk of contracting/spreading COVID-19, as well as to reduce the severity of illness if infection occurs. If you have any questions, please contact the Family Call Center, at 718-289-2888.

Please note that COVID-19 Testing is mandatory for all visitors, regardless of age. All children must test, prior to entering the facility, and to enter all visitors must produce a negative result. Please give serious thought prior to bringing small children into the facility, at this time.

We strongly suggest scheduling an [outdoor visit](#) in our lower level outdoor patio, and/or, scheduling a [virtual visit](#)., for the health of our residents, staff and for you/your family.

We remind you to please be sure to follow these rules when visiting:

- Wear a mask from when you enter our facility until you exit the building.
- Wash or sanitize your hands when you enter the building, often throughout your visit and again prior to leaving.
- Maintain social distancing at all times during your visit.
- Please refrain from visiting if you are not feeling well.

Thank you for your continued support and understanding.

Sincerely yours,

The Parker Team
